

## WITH FINGERS! CORNIS LIFT OUT

Freezone is Magic! Corns and  
calluses lift right off—  
Doesn't hurt a bit

A few cents buys a tiny bottle of the magic Freezone at any drug store. Apply a few drops of Freezone upon a tender, aching corn or a callus. Instantly that troublesome corn or callus stops hurting, then shortly you lift it out, root and all, without any pain, soreness or irritation. These little bottles of Freezone contain just enough to rid the feet of every hard corn, soft corn, corn between the toes and the calluses on bottom of feet. So easy! So simple. Why wait? No humbug!

### An Immense Misceant.

"If you dig a pit for your neighbor, you may fall into it yourself," remarked the man who remembers his Sunday school vaguely.

"Yes," returned Mr. Chuggins; "that retribution idea may be all well enough for pit-digging. But the man who breaks glass bottles in the street very seldom has any tires of his own to be reused."

## COMB SAGE TEA IN HAIR TO DARKEN IT

It's Grandmother's Recipe to keep  
her Locks Dark, Glossy,  
Beautiful.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. —Adv.

### Hard Times.

Bobby was good about saving his pennies and buying Thrift stamps all during the war, but with the first 50 cents he accumulated after the war was over he bought candy, for which mother scolded him. Crying, he said: "Oh, gee, a feller can't even be patriotic and have a little peace celebration without being called down."

## Lives 200 Years!

For more than 200 years, Haarlem Oil, the famous national remedy of Holland, has been recognized as an infallible relief from all forms of kidney and bladder disorders. Its very age is proof that it must have unusual merit.

This is the good old remedy that has stood the test for hundreds of years, prepared in the proper quantity and convenient form to take. It is imported direct from Holland laboratories, and you can get it at any drug store. It is a standard, old-time home remedy and needs no introduction. But be sure to get the genuine GOLD MEDAL brand in boxes, three sizes.—Adv.

### Just Like a Woman.

A young American soldier, who was married just before sailing, was so fired with patriotism that he was certain he would have an opportunity to do something heroic before the war came to an end. He mentioned this in a letter to his wife, and told her he hoped to bring her the Croix de Guerre from France. But the youthful patriot received this reply from his better half: "It's so sweet of you, dear, to offer to bring me the Croix de Guerre you mentioned, but if it's just the same to you, I'd rather have a hat from Paris!"

## STATE INCOME TAX BILL ENGROSSED

EXEMPTIONS RAISED TO MAKE  
MEASURE CONFORM TO  
UNITED STATES LAW.

### LONG DEBATE ON STATUTE

Few Amendments Adopted and Many  
Voted Down—Caustic Criticism  
Marks Acrid Debate on  
the Measure.

Jefferson City.—Engrossment of the amendment to the state income tax law was put over in the senate after hours of debate. The measure was taken up with the Greene amendment pending, making the tax apply to all incomes. This amendment was defeated.

A number of other amendments offered by Senator Greene were denied adoption. One sought to make the exemption \$4,000 for married men and \$2,000 for single men.

It was finally amended so as to conform to the federal exemptions.

These are now \$2,000 for married and \$1,000 for single men. This was a war emergency lowering of exemptions, it was stated, that will soon be changed back to the original exemptions of \$4,000 and \$2,000.

Among the amendments offered and defeated was one by Gardner, designed to deduct as an exemption from gross income all family living expenses.

Senators Bowker and Duncan declared that such an amendment would virtually kill the income tax, and it was turned down.

Senator Greene made an effort to restore the old Section 32 of the original income tax law making property tax receipts an offset against the income tax. It was defeated by a vote of 11 to 16.

Among the amendments that were adopted were these, all offered by Senator Greene: Exempting insurance companies that now pay the state a 2 per cent tax on their business in this state; donations to churches and religious associations; cemetery associations; farm loan associations.

Belken, McClintic, Seneker and Cook declared in favor of the engrossment of the bill. Cook announced his intention of voting for its engrossment, "against my better judgment." He said: "I believe in equal taxation, and that the state board of equalization should equalize the property of the counties up to an average that will provide ample revenue for the state."

The senator from Cole, in reply to some references as to the attitude of the farmers on this income tax, said that he had not heard a single farmer complain. "With \$2.20 wheat and \$1.50 corn they can and do pay taxes without complaining," he said.

Bowker, who, as chairman of the ways and means committee, was handling the bill on the floor, declared it was a fair, just and equitable measure and that it was endorsed by three-fourths of the people of the state.

There was no roll call on engrossment, but the measure has a sufficient number of supporters to pass it when it comes up for third reading.

### Praises Prison Board.

Gov. Gardner told the house investigating committee that he thought the system of paroles and pardons was being handled in an efficient manner by the prison board.

The governor was asked if he had issued any pardons or paroles without the recommendation of the board. He said while he had always been guided by the recommendations of the board he had always gone to the records before granting executive clemency. He said he had found the actions of the board to be wise and just.

The committee went to the office of the governor at the suggestion of Representative Whittaker of Hickory county, a member of the committee.

Warden Gilvin, who was a witness, told the committee that Dan Becker, a whisky salesman of St. Louis, was a personal friend of his, and had been served with probably three meals at the prison.

The warden said that Becker had never asked him to assist in getting a convict paroled, and he had no knowledge of Becker ever asking the board to parole a man.

Gilvin was then asked by Jones of Macon county regarding the statement that Becker had given him a horse.

"Yes, Becker gave me a horse, and, incidentally, it is a very fine horse."

Charles Coughlin who has charge of the punishment hall, told about the abolition of the "rings" and the whipping of unruly convicts.

He said the only punishment now is solitary confinement.

### Wrangle Over Appointments.

Jefferson City.—There was a wrangle in the senate over the confirmation of John A. Lee of Jefferson City as supervisor of building and loan associations. During the wrangle an effort was made to recall the open session appointment of A. L. Hart, state superintendent of insurance, and E. J. Bean, member of the public service commission.

These appointments, it was found, had been certified to and were no longer subject to action by the senate.

dustries, told the committee the prison would be a model institution if the state would appropriate enough money every year for its support, and not try to "make it self-sustaining."

### To Speed Up Legislation.

In an effort to gain speed, the house adopted a resolution by Majority Floor Leader Dyott, creating a calendar committee to pick from the congested calendar bills of general and local importance and give them precedence for final passage or engrossment. The committee will report a calendar of 20 bills daily, of which 10 will be general and 10 local bills.

### Pay Measure Passed.

The house passed the senate bill providing for an increase of 50 per cent in the salaries of county school superintendents with an emergency. The vote was 115 to 9. The measure will now go to Gov. Gardner, and when signed will increase the salaries of the superintendents, who will be elected at the coming April election.

The bill provides a schedule of salaries from \$1,050 to \$2,250, according to the population of the county. The state will pay \$400 of the superintendent's salary from the state school fund.

The senate bill increasing the salary of the school superintendent of St. Louis county to \$4,000 was passed by a vote of 102 to 16.

### Must Register False Names.

The house has engrossed Carrington's bill providing for the registration of the names of persons doing business in the state under fictitious names.

The measure was amended by cutting down the registration fee from \$5 to \$2. The names must be registered with the secretary of state.

Carrington explained that the measure would be of benefit to the credit men of the state, and would enable them to determine the assets of firms and persons who conduct business under false names.

### Police Pay Raised.

The Kansas City police salary bill to increase the pay of patrolmen from \$90 to \$115 per month, was engrossed by the house by a vote of 75 to 36. This indicates that favorable action will be taken on the bill which would increase the salaries of the St. Louis force.

Majority Floor Leader Dyott made an attempt to line up the Republicans of the house against the bill on party lines, but failed. All of the Republicans of St. Louis and a number from the rural sections voted for the bill.

### Soldiers' Memorial Engrossed.

Two measures to establish memorials on the battlefields of France where Missourians fought, and support for county memorials were engrossed in the house. The bill provides for a commission of seven members to designate the battlefields and erect the memorials in honor of the Missouri troops. The bill carries an appropriation of \$25,000.

The county memorial appropriates \$15,000, of which \$1,000 will be available for each county and the city of St. Louis when these places shall have raised a similar amount for the building of memorials.

### No Hope For Suffrage.

The women who are attending the national jubilee convention in St. Louis will doubtless be disappointed to learn that there is little prospect of the Missouri senate passing the bill giving women the right to vote for presidential electors during the present week. Senator McKnight of Geny, author of the senate measure referred to, is afraid to call it up for final consideration lest it be defeated. Two senators, Glick and Stark, were absent, and without their votes it would have been impossible to pass the bill.

### Hunting Lodge Looted.

Charleston, Mo.—Following the sudden death of Jephtha D. Howe of St. Louis, it has been found that his beautiful lodge on Current river has been broken into and all the furnishings, fishing tackle, guns and everything of value taken.

Howe, with a party of friends, was at the lodge when he was taken ill, and was taken from that place to St. Louis. There is no clew to the robbers.

### O. K.'s Police Bill.

The measure providing for one commissioner of police in St. Louis instead of four as at present, he to have full power over the board was reported favorably by the house committee in charge of the bill.

It was amended to provide home rule.

### Girl Cashier Robbed.

Oak Grove.—While the other employees of the bank were gone to lunch the cashier, Miss Bessie Frye, was forced into the vault by a robber, who escaped with approximately \$800.

### Commissioners' Bill Passes.

The measure creating three commissioners for the St. Louis court of appeals was passed by the house by a vote of 99 to 23. The commissioners who shall be appointed by the judge shall receive \$6,500 a year. The emergency clause was attached and the bill will be effective as soon as the governor signs it.

Two of the commissioners will be Republicans and the other will be a Democrat, for the measure provides that not more than two shall be of the same political faith.

## HUNGARY DECLARES WAR ON ENTENTE; JOINS RUSSIANS

Great Army of Reds Said to Be  
Ready for Battle.

### LARGE ESTATES ARE SEIZED

Reports Say Several Regiments of  
Czecho-Slovaks, Inspired by Bol-  
shevist Propaganda, Have Mu-  
tined and Joined the Reds.

Vienna, March 24.—The Hungarian government is reported to have signed a proclamation "acknowledging a state of war between Hungary and the entente powers."

The Karolyi cabinet, according to latest word from Budapest, has been succeeded by a new coalition government, which is joining hands with the Russian troops reported to be marching into Hungary.

The entire country has been placed under a state of siege.

All Hungary has turned bolshevist. Communists and extreme socialists dominate the new regime.

### "Red" Army Ready.

A great Russian bolshevist army is reported to be ready between Brody and Stanislaw.

Several regiments of Czecho-Slovaks, inspired by bolshevist propaganda, have mutinied and gone over to the reds. They are now in Hungary.

There is danger, according to dispatches, of the red wave spreading through the ranks of the Czecho-Slovak army in the south, owing to extensive agitation carried on for months by Lenin and his lieutenants.

### Karolyi Stirs Masses.

Count Michael Karolyi, before resigning as premier, which office he has held ever since the overthrow of the Hapsburg monarchy, issued a proclamation urging a "world war of the proletariat for justice," and pleading for support of the Hungarian masses against the decision of the Paris peace congress to occupy Hungary.

### Soviets Pick Chief.

Copenhagen, March 24.—Alexander Gorbai has assumed the presidency of the Hungarian revolutionary government of workers, peasants and soldiers' councils, with Bela Kun as foreign commissary and Joseph Pogany as war commissary, according to Budapest dispatches.

It is reported that Kun has applied to Lenin for armed assistance against the allied armies, which have occupied the greater part of Hungary for the purpose of putting down the bolshevik uprising.

The formation of the new Hungarian soviet government followed the resignation of the Karolyi cabinet Friday as a result of the new boundaries between Hungary and Roumania fixed at Paris.

### Rioting Begins.

Rioting throughout Hungary has accompanied the change in government, according to reports reaching here.

In Budapest, which has not as yet been occupied by the allied forces, mobs Saturday stormed the post office and other public buildings and destroyed the monuments erected to Honved heroes.

### All Power Is Taken.

A dispatch from Budapest gives the proclamation of the new Hungarian government as follows:

"The proletariat of Hungary from today has taken all power in its own hands. By the decision of the Paris conference to occupy Hungary the provisioning of revolutionary Hungary becomes utterly impossible.

"Under these circumstances the sole means open for the Hungarian government is a dictatorship of the proletariat."

### Seize All Big Estates.

"Legislative, executive and judicial authority will be exercised by a dictatorship of the workers, peasants and soldiers' councils."

"The revolutionary government council will begin forthwith work for the realization of communist socialism."

"The council decrees the socialization of large estates, mines, big industries, banks and transport lines, declares complete solidarity with the Russian soviet government, and offers to contract an armed alliance with the proletariat of Russia."

### "Appeal to People."

The proclamation by Count Karolyi announcing the resignation of the Hungarian cabinet, of which he was the head, after referring to the decision of the peace conference at Paris to occupy Hungarian territory, says, according to a dispatch from Vienna:

"The entente mission declared that it intends to regard the demarcation line as the political frontier. The aim of further occupation of the country is manifestly to make Hungary the jumping-off ground and the region of operations against the Russian soviet army which is fighting on our frontier. The land evacuated by us, however, is to be the pay of the Czech troops by means of whom the Russian soviet army is to be overcome."

"As provisional president of the Hungarian people's republic, I turn, as against the Paris peace conference, to the proletariat of the world for justice and support."

### Calls All Neighbors.

Paris, March 24.—The proclamation

of the new Hungarian government invites the workmen and peasants of Bohemia, Roumania, Serbia and Croatia to form an armed alliance against the aristocracy, land owners and dynasties. It requests also that the workmen of Austria and Germany follow the lead of Hungary in breaking off relations with the Paris peace conference.

They are requested to rally with the Moscow government and constitute a soviet republic and to resist, arms in hand, the "imperialist conquerors."

The proclamation says the government will organize an army which will enforce the proletariat's dictates against Hungarian land owners and capitalists, the Roumanian aristocracy and the Czech bourgeoisie.

The document ends by urging each workman and peasant to work in order to produce or to enlist in the army.

### Troops Maintain Quiet.

Copenhagen, March 24.—A dispatch from Budapest dated Friday said that at that time order was being maintained by the troops and the National Guard.

The revolutionary government, it was stated, had issued a prohibition against the carrying of arms, making the penalty for disobedience five years' penal servitude and a fine of 50,000 kronen.

Other dispatches announce that order prevails in the country districts around Budapest.

Newspapers in Budapest have ceased publication.

### Martial Law Declared.

Amsterdam, March 24.—When the Hungarian cabinet, headed by Count Karolyi as provisional president, resigned late in the week, the governing party, comprising socialists and communists, proclaimed martial law throughout the entire country, according to a dispatch from Budapest.

Under the title of "Hungarian Socialist party" the socialists and communists have combined and will administer the country.

### Blockade Is Suppressed.

Rasle, March 24.—The Austrian foreign office has been informed by the Italian armistice commission that the associated powers have decided unanimously to suppress the blockade of Austria and Hungary, says a semi-official dispatch received here from Vienna.

Advices received here from Vienna are to the effect that the council of ministers has decided to seize provisionally for the purposes of state administration the real and personal property of the reigning families in Austria, and also of the archdukes living abroad. The incomes from the real estate received will be paid the owners.

### Give Tarnopol to Reds.

London, March 24.—The Chronicle's Copenhagen correspondent says that, according to a Berlin message to the Politiken, the Hungarian crisis may affect the whole of Europe. The new government is said to have admitted the Russian Red army into Tarnopol, near the Galician frontier.

The Berlin correspondent of the Copenhagen Osketidende says the decision for the revolution was taken Friday afternoon, when the Hungarian government learned the French, Roumanian and Czech troops were to occupy parts of Hungary in order to stem bolshevism.

According to one story the plans were completed by Russian agents, who were in Budapest ostensibly as members of the Russian Red Cross, but who were acting under orders from Moscow.

### Lenine the Real Ruler.

The new socialist and communist rulers find the machinery of the soviet government ready, but they only nominally will run the machine, the director being Lenine.

According to the correspondent quoted, it is rumored a number of Czech regiments in the north of Hungary mutinied and it is feared the news of what happened in Hungary will have an inflammatory effect in the Czech state, where bolshevism has raised its head more boldly than in any other country outside of Russia.

The correspondent concludes the message rather emphatically. In Vienna, he says, these events are followed with extreme tension. The populace there has shown great patience under great sufferings, but even the greatest patience can give way.

### DISCHARGE WILSON'S DRIVER

Private Mitchell of Texas, Who Acted  
as President's Chauffeur, Is  
Out of Army.

San Antonio, Tex., March 24.—Private La Mitchell of Victoria, Tex., who acted as chauffeur for President Wilson on the chief executive's first trip to Paris, arrived in San Antonio and will be discharged in a few days. He says while abroad he was saluted by major generals and other high dignitaries frequently, which amused the privates attached to President Wilson's party immensely.

### REDS CALL WORLD REVOLT

Leaders Issue a Proclamation Calling  
for Rise Against the En-  
tente Allies.

Berlin, March 24.—Leaders of the socialist-communist party have issued a proclamation calling upon the bolshevik of the world to rise against the "imperialism of the entente allies."

A general mobilization of Spartan military forces has been ordered. Several prominent persons who attempted to oppose the mobilization have been executed by the Spartans.

## COULD NOT SLEEP

Mr. Schleusner in Misery From  
Kidney Complaint. Doan's  
Gave Complete Relief.

"Heavy work brought on my kidney  
complaint," says Wm. Schleusner, 6408  
Suburban Ave., Weston, Mo. "One  
morning when shoeing a horse I was  
taken with a sudden pain in my back  
and fell flat on the floor. If I had  
been hit with a trip hammer, I  
couldn't have suffered more. I stayed  
in the house for five weeks and  
the pain was wearing the life out of  
me. At times, I couldn't get a  
wink of sleep because of the  
misery and I had to get up every  
few moments to pass the secretions  
that were highly colored, of  
foul odor, filled with sandy sediment  
and terribly scalding. My bladder felt  
as though it were a fire. The pain  
brought stupor and a reeling sensation  
in my head; the torture of it cannot  
be described. If I got onto my feet I  
couldn't walk but felt dizzy and all in  
a flutter and everything would turn  
black. My head ached so it seemed  
as though my eyes were being dragged  
out. I started using Doan's Kidney  
Pills and I was soon rid of all the  
trouble."
